

**We've got a sweet  
treat just for you!**

Low cost,  
research-based,  
one-day workshops for  
8 CPE hours!

## Summer Schedule

*Workshops are appropriate for teachers, substitutes, and para-professionals seeking CPE Staff Development Hours.*

### ***Classroom & Behavior Management***     **June 26 or July 31**

Whether you are new to the classroom or an experienced veteran, this workshop will reinforce classroom and behavior management applications developed by Harry Wong, Doug Lemov, Robert Marzano, and more. You will not only gain knowledge, but also develop management skills, so that all students are engaged and learning. Participants will develop a practical notebook that can be put to daily use. For elementary, middle & high school.

### ***Guided Reading for K-2***     **June 27 or August 1**

This workshop will explore the components of a comprehensive literacy system and learn how guided reading fits within this context. Learn how the reading process is supported throughout the guided reading lesson. You will also acquire questioning strategies that will help your students grow as readers. We will share tips, tools, and practical strategies that you can use to help developing readers.

### ***Literacy and Math Centers***     **June 28 or August 2**

Powerful workshop designed to help teachers develop literacy and math centers that offer meaningful learning experiences where students work independently or collaboratively to meet goals. We will share how to differentiate learning centers and how to make students accountable for their work. This workshop is designed for PreK-2nd grade teachers.

Each Workshop = 8 CPEs

Workshops meet from 8:30 am - 4:30 pm

Fee = \$70 & includes all books/materials/supplies
